## CORUNNA NEWS

### Summer and Fall Construction

The Shiawassee Street bridge is finished, but improvements continue in the City of Corunna.

City council has set aside \$40,000 for the repair of some of the poorest quality sidewalks in the city. These repairs will start this summer. The list of effected sidewalks will be available at Corunna City Hall or by calling the Department of Public Works at 743-5040.

The reconstruction of King Street, from Comstock Street to Kingsley will also begin this summer. Paid for, with assistance, from a state Small Urban Grant, the replacement of asphalt and the adding of curb and gutter on King Street is on the schedule.

Sanitary sewer rehabilitation continues in the city during this summer and fall as ground water continues to infiltrate

The repair of broken and cracked pipes will save the city thousands of dollars in sewage removal costs.

Residents can expect traffic delays and detours in construction areas.

### Fireworks

No personal fireworks, including sparklers, will be allowed in McCurdy Park or in the Mitchell Field area, during the Fourth of July Celebration, because of the risk of fire and injuries.

The Corunna Library, located at 210 E. Corunna Ave., has joined the newly formed Community District Library along with the townships of Burns, Caledonia, Hazelton, Perry, Shiawassee, and Venice.

The remaining funds from the now closed Shiawassee County Library have been transferred to the new Community District Library. This will allow the operation of area branches until the primary in August, when a library millage proposal of one-half (.5) mill will be on the ballot in each of the townships and the City of Corunna.

This millage must pass in Corunna for the Corunna Library to continue as a part of the Community District Library. Questions about the upcoming millage proposal, the Community District Library, or the Corunna Library should be directed to Sue Huff, Corunna Library, 743-4800.
